```

The diagram is an ancestral tree (Arbre Ascendant) showing 7 generations. The root of the tree is GIRAUDÉAU Mathurin °1714. He has three daughters: GIRAUDÉAU Jan °~1675 +1727, LHOMMEAU Jeanne °~1644 +1711, and GUILLON Jeanne °~1670 +1739. Each daughter has a husband and children, with names and dates provided for several generations. The tree is structured with horizontal lines for marriages and vertical lines for descent. The names and dates are provided for the first three generations, while the fourth and fifth generations are represented by empty boxes.
